Why are calls rejected?

--Calls taken by the call center accept the information regarding the meter that is provided by the citizen. The caller may report the wrong meter number (possibly transposing numbers), or the meter is mis-labeled, or there may also be a problem with ACS's master meter inventory.

The purpose of this report is to highlight these issues -- allowing DDOT and ACS to review the most frequently reported meters -- that do NOT receive repairs, as the meter could not be located.
